

NEW PRESIDENT OF ELON COLLEGE

Dr. Emmett Leonidas Moffitt is Inaugurated With Highly Interesting Exercises.

IDEAL FOR THE COLLEGE

Brilliant Young Educator Points Out What He Thinks It Should Be—Notable Visitors.

(Special to The Times-Dispatch.)
ELON COLLEGE, N. C., May 2.—The inauguration of Emmett Leonidas Moffitt, M. A., as president of Elon College, took place this morning at 11:30 o'clock in the college chapel. The ceremonies were largely attended, many distinguished visitors being present.

The address of welcome was made by the Rev. W. W. Staley, D. D., president of the convention at Suffolk, Va., who spoke in behalf of the Southern Christian Convention and former administration. Dr. Staley was second president of Elon College, serving in that capacity for eleven years. Following Dr. Staley, the Rev. J. F. Barnett, D. D., secretary of the American Christian Convention, of Muncie, Ind., welcomed President Moffitt in behalf of the American Christian Convention. The alumnae and faculty of the college were represented by Professor W. A. Harper, M. A., who welcomed President Moffitt and pledged him the support of the alumnae in a notable address. The board of trustees was represented by Rev. J. P. Barrett, D. D., of Covington, Ohio.

The President's Inaugural.
The inaugural address of President Moffitt, which followed, showed to advantage the brilliant as well as solid intellectual powers which have won for this young man his high position in the educational world. He said in part:

"The ideal small college shall be thoroughly Christian—not sectarian, not theological even, but broadly Christian. In fact so universal is the demand for Christian education that I doubt if there is an institution of learning in all the land that would dare say it is not Christian, even though it be under private, corporate or State control. In the small college, however, we find the most distinctive type of the Christian institution, the very large majority of them being either directly or indirectly under the control of some denomination. The college that fails to impress the heart with Christian ideas thereby materially lessens the value and power of its mental or moral training, and so sends out into the world a class of collegiate graduates, doomed to limp their way through the world of thought and action. Whether a man is a professed Christian or not, in order to insure permanent success, he must carry Christian ideals with him into his business or profession, or whatever vocation he may choose to follow. The institution, then, failing to inculcate these ideals is not fitting men and women for the best service and not doing the real college work. This being generally accepted as true, the importance of placing only Christian men and women in our college faculties is logically apparent. Years ago when the purpose of a college education was almost exclusively and narrowly cultural, the general public had little concern about the opinions of a college professor. But to-day, when almost every subject is taught with reference to its direct or indirect bearing on social, political and religious problems, it is altogether proper that the opinions of a college professor even become a matter of public concern—to which fact doubtless many of the more indiscreet and less conservative at least can bear personal testimony. The public may often be wrong in its condemnation of such unfortunates; but it is clearly right in its new conception of the possible influence of a college professor's opinions and beliefs. The Christian college, then, should be especially watchful and unrelenting, especially in the matter of the character and integrity of its faculty, and even low standards of morality find their way into the open minds and hearts of the trustful and confiding youth who commits his

TERRIBLE ITCHING SCALP HUMOR

Badly Affected With Sores and Crusts—Extended Down Behind the Ears—Some Years Later Painful and Itching Pustules Broke Out on Lower Part of Body—Son Also Affected.

A TRIPLE CURE BY CUTICURA REMEDIES

"About ten years ago my scalp became badly affected with sores and itching humors, crusts, etc., and extended down behind the ears. My hair came out in places also. I was greatly troubled; understood it was eczema. Tried various remedies, so called, without effect. Saw your Cuticura advertisement, and got them at once. Applied them as to directions, etc., and after two weeks, I think, of use, was clear as a whistle.

"I have to state also that last fall, October and November, 1904, I was suddenly afflicted with a bad eruption, painful and itching pustules over the lower part of the body. I suffered dreadfully. In two months, under the skillful treatment of my doctor, combined with Cuticura Soap and Cuticura Ointment, I found myself cured.

"Six years ago my son was laid up with a severe cold, a hard cough, and finally painful eruption all over the body. I procured the Cuticura Remedies as soon as possible, and after his faithful use of same was as well as ever in two weeks, as well as I can recall. He has never had a return of the illness, as far as I know.

"I have always been pleased to commend the Cuticura Remedies, and testify as to their efficacy. I am a veteran of the late Civil War, 1861-65, between seventy and eighty years of age. Yours truly, H. M. F. Weiss, Rosemond, Christian Co., Ill., Aug. 31, 1905."

training and, in a measure, his death, into his hands. That you are doing this kind of Christian educational work is abundantly evidenced by the fact that, for years about 80 per cent or 85 per cent, of your student body have been members of some church, and practically all of your graduates have gone out into the world as strong Christian men and women ready for the highest type of Christian or social service.

Measure Up to Ideals.

"In conclusion I wish to express my firm abiding faith in a small college that is striving to measure up to these fundamental ideals. Such a college has wisdom of its own, does not enter into competition with any institution of any other class that is honestly striving after the ideal of its own type, and does not antagonize any influence or any movement that has in it even the promise of something better for the young manhood and womanhood of our country. In the faithful performance of this mission it shall answer the sacred purpose of its institution, and shall help the hundreds or thousands of men and women who go forth from its inspiring and friendly environments—to use the beautiful and impressive words of President Hyde, of Bowdoin—'To be at home in all lands and all ages; to count nature a familiar acquaintance, and act an intimate friend; to gain a standard for the appreciation of other men's work and the criticism of their own; to carry the keys of the world's library in your pocket, and feel its resources behind you in whatever task you undertake; to make heads of friends among men of your own age who are to be leaders in all walks of life; to lose yourself in generous enthusiasms and co-operate with others for common ends; to learn manners from students who are gentlemen, and form character under the tutelage of professors who are Christians—this is the offer of the college for the best four years of your life.

"And so, with the knowledge of successful achievements behind me and with the inspiration of high ideals before me, pledging to Elon College, to my church, to my State, to my country, and to my God, the best of service that is possible for me to give, I press toward the mark for the prize of the high calling of God in Jesus Christ."

Colleges Represented.

The colleges were represented by President Smith, of Davidson College; the State Institutions by Professor J. W. Holt, and Dean, of the University of North Carolina. The State press was most ably represented by the Hon. Josephus Daniels, editor of the Raleigh News and Observer. The ceremonies were closed by the pronouncing of the benediction by the Rev. J. W. Williams, of Elon College.

Fifty or more other colleges sent their congratulations, among them the University of Virginia, Princeton, Harvard, University of Chicago, Washington and Lee, Johns Hopkins, Columbia and many others.

SECOND DAY'S SESSION CHRISTIAN CONVENTION

Convention As a Body Attended Inauguration of New President of Elon.

(Special to The Times-Dispatch.)
BURLINGTON, N. C., May 2.—Second day of session of the Southern Christian Convention was busy. Morning session, given to consideration of Christian Endeavor work. The chairman of the committee, Rev. P. S. Saller, of Norfolk, delivered a powerful address. The report engendered lively discussion. After an executive committee's report, the convention, at 11 A. M., adjourned to attend in a body the inauguration of P. L. Moffitt, president of Elon College.

At 8 P. M. the session opened with report on home missions. Rev. J. W. Holt, read the report and opened the discussion. The report showed a liberal response to the convention's call for home missions abroad was authorized.

Colonel J. E. West, of Suffolk, said in part: "I bring a layman's point of view. The same Genesis that provides for a Sabbath provides also for a tithe. The tithe system pervades for a whole people, and the New Testament does not abrogate it. It emphasizes the system. In the Old Testament the tithe is commanded by law; in the New Testament by love. Christ affirmed the belief in the tithe system. I have followed the tithe system many years, and I find it in practice and in theory. Tithing does away with superstitions and compels all to give. When Paul says 'As God hath prospered,' he does not abrogate tithing. If a man will not give tithing, he will not give much from large. If Christians would give one-fifth of their income there would be no use for Carnegies and Rockefellers."

Mr. West made a powerful plea. Although a man in business and prosperous, he practices what he preaches. The report was discussed by Rev. H. N. Elder, of Richmond, Ga.; J. O. Atkinson, of Elon College; J. W. Harrell, of Portsmouth, and J. W. Holt, of Burlington. The convention has raised over \$15,000 during the past two years.

Created Much Comment.

(Special to The Times-Dispatch.)
RALEIGH, N. C., May 2.—Congressman W. W. Kitchin, in a letter received here to-day, said, in speaking of Governor Glenn's recent address before the Appalachian forest reserve bill, that the Governor's "magnificent address in behalf of the Appalachian forest reserve bill is a commendable comment that I have ever heard before of any speech before a congressional committee."

Dr. Joseph Bruner.

(Special to The Times-Dispatch.)
CHARLOTTE, N. C., May 2.—Dr. Joseph Bruner, one of the oldest and best known physicians, dropped dead near Matthews early this morning. He was called to the bedside of a patient, and while administering a remedy threw up his hands and fell dead. He lived at Matthews. He served throughout the civil war as a Confederate surgeon. He was seventy-two years old.

Will Issue Bonds.

(Special to The Times-Dispatch.)
LEESBURG, VA., May 2.—The voters of Leesburg by a majority of eighty in a special election held on Monday, ordered the town council to bond the corporation for \$30,000 for the purpose of erecting a system of water works. A grant system will be put in the erection of a stand pipe. It is believed that the work will be completed by December.

In Precarious Condition.

(Special to The Times-Dispatch.)
NORFOLK, VA., May 2.—The body of a Chinaman, J. E. Adkins, a citizen of Portsmouth, is dead at the Norfolk Hospital, this city, to-night. Driving in his buggy directly in front of a passing engine. The horse got safely over the track, but the buggy was demolished, and Mr. Adkins was picked up barely alive.

Resigns Position.

(Special to The Times-Dispatch.)
PETERSBURG, VA., May 2.—George S. Guy, of Petersburg, has resigned as chief clerk to the superintendent of a United States Court in Baltimore at Richmond to become district agent of the Union Central Life Insurance Company, Cincinnati, with headquarters in Petersburg.

PLAIN FACTS

Cleanliness is accepted as a rule of self-preservation in every reputable brewery.

AN experienced brewer would no more boast of the purity of his beer than a gentleman would brag of having washed his face.

Purity signifies nothing more than the absence of foreign matter.

For that reason brewers who do not dare to test the substantial merits of beer always harp on purity.

A really first-class beer must, however not alone be free from self-evident defects, but it must combine all the positive excellencies known to the science of brewing.

THE TRUE TEST IS ALL-ROUND QUALITY which cannot be had without **SUPERIOR MATERIALS, PERFECT TREATMENT and AMPLE STORING CAPACITY.**

Upon this issue of positive superiority we challenge all competitors.

Of materials we use only the most excellent, regardless of cost. Corn, the one important substitute, which, on account of its cheapness, has been extensively adopted, never enters our brewery.

Our facilities for brewing beer are unequalled.

Our storing capacity of 600,000 barrels doubles any other brewery in the United States, and enables us to store our beer from four to five months.

Facts speak louder than words.

Publicity is the demand of the day.

The consumer is entitled to the truth.

A VIOLENT STORM AT NEWPORT NEWS

Roofs Torn Off Houses, Trees Upturned and Window Glasses Broken.

(Special to The Times-Dispatch.)
NEWPORT NEWS, VA., May 2.—A violent storm, preceded by a violent electric display and accompanied by a heavy fall of rain and hail, did considerable damage here this afternoon about 5 o'clock. Roofs were torn off half a dozen houses, scores of trees were blown down by the wind, and the telegraph and telephone systems were damaged and many buildings under construction were more or less damaged. The blow lasted only about five minutes, and ten minutes after the first peal of thunder the sky was as blue and the air as balmy as on a perfect midsummer day. The storm continued a few minutes longer probably half of the vessels in the harbor would have been beached. Reports from the country say that the orchards fared badly and that the truckers will lose heavily. Several men were slightly injured at the shipyard by being blown off scaffolding upon which they were at work.

WORKING ROADS.

Amherst County Uses Both Convict Labor and a Hired Force.

(Special to The Times-Dispatch.)
AMHERST, VA., May 2.—The regular meeting of the Amherst County Board of Supervisors was held here yesterday. The matter of macadamizing the road from Lynchburg through Madisonville, but now submitted to the board by Mr. Nowlin, a civil engineer, of Lynchburg, was discussed. It is thought that the city of Lynchburg. It is thought that Lynchburg should aid in its construction. It will be remembered that this road was destroyed almost impassable by a hard rain about one year ago. It was decided to move the regular convict road force from Galt's Mill in working on the road from Galt's Mill to Lynchburg. When moved to Lynchburg District it will be put on the road leading from Amherst to Clifford. Amherst is now working both a convict and a hired force.

violence and a hired force on its roads and an excellent opportunity is thus afforded to compare the expense of the two. In the convict force there are twenty convicts, one foreman, one teamster and three guards. The total cost of the force for the month ending May 1st was \$33.30. Of this it took only \$10.33 to feed, guard and work the convicts. This is an average cost of \$4.34 cents per day per convict. The average cost per day per man of the hired force is \$11.11-3.

PETERSBURG TO BE A MODEL CITY

Provisions for Many Improvements Being Urged in Councilmanic Bodies.

(Special to The Times-Dispatch.)
PETERSBURG, VA., May 2.—If the municipal legislature passes the many provisions now before the committees for the general improvement and beautifying of the town, Petersburg will soon become a model city. Great betterment of sanitary conditions and appearance of streets has been assured by appropriation for the work, already rapidly progressing, for extending the water main and sewerage systems and paving streets and sidewalks. The Council has referred to the Finance Committee a petition from the King's Daughters for a five hundred dollars appropriation for the employment of a trained nurse to work among the poor. The petition asserts that the work will not only relieve much suffering, but will lessen the speed of disease in the city. The paper was presented by George Cameron, Jr., chairman of the Finance Committee, and was signed by Mrs. W. M. Jones, Mrs. T. F. Heath, Mrs. H. C. Kinsey, Mrs. F. G. Scott, Mrs. J. E. Spawood, Mrs. L. B. Spitt and Mrs. W. L. Venable.

Will Supervise Work.
A resolution by O. W. Mattox, chairman of the Street Committee, allowing the Petersburg Telephone Company to lay conduits for wires and place the necessary manholes in the streets, the work to be supervised by the City Engineer, is before the Street Committee. An ordinance providing for the election of a sanitary inspector has been referred to the Finance Committee. Appropriations have been made for the purchase of the water supply, the improvement of West End Park and Health

HOCH AGAIN NAMED FOR KANSAS GOVERNOR

Republican Convention Nominates Him and Adopts Resolutions Endorsing Roosevelt.

(By Associated Press.)
TOPSICA, KAN., May 2.—The Kansas State Republican Convention to-day re-nominated the present incumbent, Edward W. Hoch, for Governor, together with a full ticket. The state supported by the present State administration was successful over the faction led by W. R. Stubbs.

The resolutions, on which there was practical unanimity, reaffirm the party's pride "in the history and achievements of the national organizations and adherence to its principles." The resolution continues: "The vigorous, able and wise administration of President Roosevelt commands our enthusiastic approval as it has won the plaudits of our countrymen regardless of party. We especially commend his demands for the regulation of railroad rates and commend our Senator and representatives in Congress for their support of this policy."

MILITARY SCHOOL HAS SUSPENDED

Financial Embarrassment is Said to Be the Cause of the Trouble.

(Special to The Times-Dispatch.)
DANVILLE, VA., May 2.—An order was read before the corps of cadets of the Danville Military Institute to-day, announcing that the school would suspend operations at once. Colonel Horace Campbell is at the head of the institution, and the action of the new board of Directors is due to financial embarrassment. Colonel Campbell, in a statement to-night, said that the troubles of the school were only temporary, and that operations would be resumed as usual at the opening next fall. There are about fifty-five students at the school, and many left to-day for their homes in various parts of the country. The institution is one of the best known in the South and it is hoped by the citizens here that arrangements can be made to put it on a firmer basis. Mr. W. E. Griggs, cashier of the Bank of Danville, has been named as trustee.

PERSONAL APPEAL TO THE PRESIDENT

Wife of Man in Navy Saves Him From Term at Sea.

(Special to The Times-Dispatch.)
NORFOLK, VA., May 2.—The personal appeal of the wife of an enlisted man in the United States navy has induced President Roosevelt to overlook the iron-clad order of the Navy Department recently promulgated that all men in the service must serve a term at sea. A man employed as a printer at the Norfolk navy yard for years was ordered to sea. His pay would have been greatly reduced and not sufficient to support his family. He asked to be allowed to remain at the navy yard or else discharged. His appeal was denied. Congressman Maynard could do nothing. The wife then appealed directly to the President. The case was investigated and the printer was ordered immediately discharged.

Clarence Fitzgerald, a musician, was discharged from the navy by order of the President, for similar reasons.

Party Reaches Cartersville.

(By Associated Press.)
WASHINGTON, D. C., May 2.—Following instructions from Washington received yesterday, General Duvall, commanding the Department of the Gulf, made every effort to-day to intercept the military escort from Fort Ord, California, on his way to Atlanta. General Duvall sent his orders to the postmaster at Resa for delivery to the party, but these were received after the escort had passed the point. Other dispatches were sent to intercept the detachment. A special from Cartersville says the party reached their late this afternoon.

Will Be Deputy.
